Information Security and Risk Management Applicability Standard

From the Office of the Chief Information Officer State of Minnesota

Version:	1.12	
Effective Date:	5/1/2016	
Revised:	12/31/2024	
Approved:	John Israel, State Chief Information Security Officer	**Date:** 3/20/2025

Standard Statement

To fulfill the responsibilities of Minnesota Statutes, chapter 16E (2015), the Office of MNIT Services has identified the departments, agencies, offices, councils, boards, commissions, and other entities in the executive branch of Minnesota State government that are subject to IT Consolidation and IT Oversight.

Employees must abide by the terms of this standard. Employees who violate this standard may be subject to discipline, up to and including discharge.

NOTE: To enhance usability for the reader, the boards, councils, task forces, etc., in this section are listed alphabetically by their subject matter (e.g., Board of Dentistry is listed as Dentistry, Board of; Governor's Council on Workforce Development is listed as Workforce Development, Governor's Council on).

Reason for the Standard

Identifies the state entities subject to the IT Consolidation Act, as well as the state entities that will be provided Information Technology Oversight by the Office of MNIT Services, which includes IT security, IT procurement, and IT project management oversight.

Roles & Responsibilities

- Employees, Vendors, and Contractors
    - Be aware of and follow relevant information security policies, standards, and procedures.
    - Ensure information security is incorporated into processes and procedures.
    - Ensure contract language with vendors and contractors includes required information security controls.
    - Consult with information security staff on the purchase and procurement of information technology systems or services.
    - Hold employees accountable for following the information security policies, standards, and procedures.
- Information Technology Personnel
    - Apply appropriate controls to the design, operation, and maintenance of systems, processes, and procedures in conformance with the information security policies, standards, and procedures.
- Information Security Personnel
    - Develop, maintain, and assess compliance with the information security policies, standards, and procedures.
    - Develop, maintain, and implement a comprehensive information security program.
    - Provide training on information security policies, standards, and procedures.
    - Assist agencies and personnel with understanding and implementing information security policies, standards, and procedures.
    - Notify appropriate personnel of applicable threats, vulnerabilities, and risks to State data or systems.
- Agency Data Practices Personnel
    - Assist agencies and personnel with questions on proper data use, collection, storage, destruction, and disclosure.
